DABELSTEIN AND PASSEHL SCHOLAR – OCTOBER 2006

The thrill of receiving this scholarship from Dabelstein & Passehl was beyond words. Unlike all scholarships, this aimed at bringing together attorneys from different parts of the globe to a common forum to learn and listen about German Maritime and Transport Law and at the same time to learn about the laws prevalent in the jurisdiction of the attending scholars. The scholars of my batch were from Netherlands, Germany, Istanbul and New York each bringing their own experience to the table.

The partners of Dabelstein gave undivided attention to the scholars during the daily lectures and devoted precious time to take us around through the city of Hamburg. It was a well coordinated trip, excellent evenings and developed friendship that would last a lifetime.

I took home warm memories of my visit to Dabelstein and I thank sincerely Dr Dieter Schwampe and Dr Marco Remiorz for this privilege.

Yours sincerely
